More than a bracelet™

MedicAlert membership ensures emergency responders and hospital staff get your up-to-date medical information the moment they need it, to make informed decisions about your treatment and care. With MedicAlert Foundation, you can be confident knowing that you are connected to the most dependable emergency support network – because every moment matters.

MedicAlert Foundation is teaming up with the United Pompe Foundation to provide memberships to individuals living with Pompe disease. Pompe is a progressive, multisystem, debilitating muscular disease. Through the generosity of a corporate donor, grants funds are available to provide a full year's membership and a MedicAlert medical ID at no cost to the individual with Pompe. Memberships will be offered on a first-come first-serve basis until the grant funds are exhausted. www.unitedpompe.com
